

Blindside

Powerhouse

Hey man, are you doing alright?
Is that noose around your neck tied on too tight?
 Ha ha, told you so
 You got sucked undertow
 One last chance to let the shit go
 Get away get away, it's a raw deal
 Down play, disarray it's a third wheel
 Unplay everyday to know what's real
 Mayday, mayday lost your ideal
 There is no ideal, feel me
 High impact blindside tonight
When I was young, never compromised
 Low impact blindside tonight
When I was young, never had to try
 Blindside, woah
 Blindside, woah
 Blindside
Hey man, have you been up all night?
Do you got to get numb so you can feel right?
 Ha ha, told you so
 Too high, vertigo
 One last chance to let it all it all go
 Get away, get away, it's a raw deal
 Down play disarray, it's a third wheel
 Unplay everyday you know what's real
 Mayday, mayday lost your ideal
 There is no ideal, feel me
 High impact blindside tonight
When I was young, never compromised
 Low impact blindside tonight
When I was young, never had to try
 Blindside, woah
 Blindside, woah
 Blindside
 And the shot took a piece of me
Fade in, fade out, if that's what you got
 Flash flood focus over me
Fade in, fade out, if that's what you got
 And the shot took a piece of me

Fade in, fade out, is that what you got?
And the shot took a piece of me
 Fade in, fade out
 And the shot took a piece
 Fade in, fade out of me
 High impact blindsight tonight
When I was young, never compromised
 Low impact blindsight tonight
When I was young, never had to try
 High impact blindsight tonight
When I was young, never compromised
 Low impact blindsight tonight
When I was young, never had to try
 Blindsight, woah
 Blindsight, woah
 Blindsight, woah
 Blindsight
 Blindsight
 Blindsight
