

In My Room

Ready for the World

Whats up baby
Come here
I wanna taste
I love the way your body feels next to mine
Let me explain Temperature's Rising
And your body yearning for me
Girl Lay it on me
I place no one above thee
Oh take me to your ecstasy
It seems like you're ready Seems like your ready
Girl are you ready
To go all the way
All the way Seems like your ready
Girl are you ready
To go all the way
All the way I can smell your perfume
Step into my bedroom
Let me love you constantly
Oh your body is my playground
Let me lick you up and down
Make you feel like a woman should
It Seems like your ready Seems like your ready
Girl are you ready
To go all the way
All the way Seems like your ready
Girl are you ready
To go all the way
All the way Look in the mirror
Now come a little bit closer
Don't be scared
I'm not gonna hurt you
I wanna do all the things you want me to do to you
Baby I wanna make you feel real good Oh It seems like your ready Seems like your ready
Girl are you ready
To go all the way
All the way Seems like your ready
Girl are you ready
To go all the way
All the way Seems like your ready

Girl are you ready
To go all the way
All the way So are you ready
For my loving babe
I'm gonna make you feel so good
But there's one thing
Id like to know is
Do you want it babe
Do you need it babe
Id like to know if I'm the one that you're preparing for
Tell Me babe
Am I the one you want
Am I the one you need
I just gotta know right now right now
Cause it seems just like you're ready
Just like you're ready babe
And I don't wanna make no mistakes at all
But it seems like your ready
Come here baby
Hey there lady
I'm willing to bet my life that you're ready
And I promise I'll be good to you baby
Yo don't have to worry no more
