

Back Door

Fastball

Brown skin in the kitchen, China white washrag
And the dollars on the table, keep it quiet, quiet They come and go through the back door
Who's keepin' score, who's keepin' pension Weren't no mention, Medicaid, sorry
And the g-men got the word in gettin' wise, goodnight They come and go through the back door
Who's keepin' score, who's keepin' score Pistol blew the whistle on the plan, Mexican
And the river made of dollars, made of sand
Yeah, yeah They come and go through the back door
Who's keepin' score, who's keepin' score
Who's keepin' score
