Cigarettes

Brandon Wolf Hill

[Pre-Hook]
Take one, Take two
Babe take it all, Babe take it all
Babe take it all, Babe take it all
Your love was fake

Take one, Take two
Babe take it all, Babe take it all
Babe take it all, Babe take it all
Your love was fake

[Hook]
He left like a cigarette
A really bad after taste, bad after taste
Bad after taste

Putting me in this mindset
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Im Obsessed

[Verse 1]
They Were my friends, Thats what they said
Thats what they said, Words as I slept
This cigarette made me feel correct
But now it just stuck in my head
Making me Depressed
Thinking Im Obsessed
But baby you the wreck
Thinking I'm the threat
When baby you inject
Thinking you the best
But all you do is meth
So tina took it all
See'll build you up so tall
Just to watch you fucking fall
So i say...

Smoke your cigarette

[Pre-Hook]
Take one, Take two
Babe take it all, Babe take it all
Babe take it all, Babe take it all
Your love was fake

Take one, Take two
Babe take it all, Babe take it all
Babe take it all, Babe take it all
Your love was fake

[Hook]
He left like a cigarette
A really bad after taste, bad after taste
Bad after taste

Putting me in this mindset
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Nicotine Im Obsessed
Im Obsessed
