## Idina Menzel

Yeah

Girl your special you're my baby  
You don't understand the things you do to me  
If I lost you I'd go crazy girl  
I feel you flowing in my veins  
You're all that I need baby  
Any plain to see that you were made for me, I know it  
You have give me true love I'll never let it go  
Take my hand hold me tight girl  
I know you feel the love thats deep inside  
I'll be there yeah day and night  
Type of boy to show you love and treat you right

Be my girl I'll be your saviour  
You're my queen you wear the crown, yeah  
I don't wanna be a player  
I wanna be your boy right now, yeah  
I wanna thank you  
I wanna thank you  
I wanna thank you  
For being you for being you  
I wanna thank you  
I wanna thank you  
I wanna thank you  
For being you for being you
