

Running With Scissors

Margaret Berger

Here we go again
High risk high stakes high hopes
All lovers diving in
Come in darlings hold my hand and
No time to catch your breath
High risk high stakes high hopes
All lovers diving in I know it makes no sense
But if you wanna try
I know I wanna go
(Yeah come along for the ride) Oh I'm dancing in blizzards
I'm running with scissors
Always fighting off these giants
Here we go again
Higher better faster stronger
I need you I admit it
Feed the monster, feel the hunger
No time no chance to waste
Higher better faster stronger
I need you I admit it I know it makes no sense
But if you wanna try
I know I wanna go
Yeah come along for the ride Oh I'm dancing in blizzards
I'm running with scissors
Always fighting off these giants Even if I'm hurting myself
Even if I'm loosing my head
I keep I keep
Oh I'm dancing in blizzards
I'm running with scissors
Always fighting off these giants Running with Scissors
