

# Death Panorama

## Ambient Death

In that very moment which life doth fade away  
Ejected from my human shell exempt from time or space  
    Floating absorbing omniscient in display

A grandiose presentation unravels before meNot in chronology but so wildly all at once  
    An open dioramic rendition of events  
    Some horrible integral just the same

All pieces are key to the sum of the beingA strobe of emotions vivid extreme  
    The rapturous voyage through life's victories

The man that I once was I have left him behindWhat kind of man does the assembled puzzle read?  
    With soul spread open wide

I calmly contemplate my destinyDeath panorama  
Death panoramaNot in chronology but so wildly all at once  
    An open dioramic rendition of events  
    Some horrible integral just the same

All pieces are key to the sum of the beingA strobe of emotions vivid extreme  
    The rapturous voyage through life's victories  
The man that I once was I have left him behind
