Far Behind

Social Distortion

With friends like you who needs enemies?
You ain't right, you ain't never gonna be
You're out of the car, I'm afraid you've been declined
You shake my hand while you're pissing on my leg
I'm cutting you loose, I don't need this misery
Your soul is toxic and you ain't no friend of mine, no
You talk real trash when I'm not around
To build yourself up you gonna tear me down
You'll have to excuse me, I have better things to do
You smile through your teeth, you talk out your neck
Every chance you get you're going to stab my back
Your time's run out, I've got nothing left for you
I'm leaving you far behind
I'm leaving you far behind
Stop wasting all, all my time
I'm leaving you far behind, yeah
So I'm pulling out the weeds, I'm taking stock
You can talk the talk but can't walk the walk
Your narcissistic ways have gotten the best of you
So I'm leaving you to sink in all your glory
For you and me it's the end of the story
Get out of my way, I've got better things to do
I'm leaving you far behind
I'm leaving you far behind
Stop wasting all, all my time
I'm leaving you far behind
I'm leaving you far behind
I'm leaving you far behind
Stop wasting all, all my time
I'm leaving you far behind
I'm leaving you far behind
I'm leaving you far behind
Stop wasting all, all my time
I'm leaving you far behind
With friends like you who needs enemies?
You ain't right, you ain't never going to be
Your soul is toxic and you ain't no friend of mine
