

I Like Being a Woman

The Three Degrees

Say goodbye
That will never do
Though sometimes I have wanted to
Man, I'm crazy about you
Though sometimes I wanted to leave you
But that just won't do Say hello
To a brand new me
Somewhere I read: "Woman must be free"
I can't go that way
I need my man more and more each day
And I wanna say I like being a woman
I like being a girl
I like being a woman
Putting on head of big curls
Just a girl Man, I'm yours
I am but a slave
When it comes to love
Like a big strong tape
Man, I'm crazy about you
Though sometimes I wanted to leave you
But that just won't do Take my love
See how much I care
I'll take my life
Like a bird in air
But don't do that to me
I'll probably fly right into a tree
Can't you see? I like being a woman
I like being a girl
I like being a woman
Wearing diamonds and pearls
Just a girl
Just a girl
Just a girl
Just a girl
Just a girl
Just a girl You know...
Women's liberation is cool.
I mean, it has its good points and its bad points.
But you know, sometimes...

I just want to be loved
And that's why I become your slave.
I don't want to be your equal.
I just want to be a part of you.
All you gotta do is treat me like you treat yourself.
When I'm weak,
I need you to make me strong.
I want you to take care of me.
I want you to love me like I'm gonna love you.
I want you to need me like I need you.
'Cause baby, I want to respect you
And everything about you
'Cause I want you. Just a girl, just a girl
Just a girl
Just a girl, just a girl (I like being a woman)
Just a girl
Just a girl, just a girl (I like being a woman)
Just a girl
Just a girl, just a girl (I like being a woman)
Just a girl
