Falling Stars (featuring Gavin Clark)

UNKLE

Too much love
I got too much love
As a vision slides
I got too much love
I got too much love
As a motion diesYou figure there's time
For a man to run
You figure there's time
For the falling stars come down on usRun run run till you think you're made
Run run run till you're told you're safe
Run run run till you're overcome
Run run run you're the only oneI got too much love
Don't deceive me now
As the color slows
I got too much love
For a glitter doll
For the rainfallYou figure there's time
For a man to run
You figure there's time
For the falling stars come down on usRun run run till you think you're made
Run run run till you're told you're safe
Run run run till you're overcome
Run run run you're the only oneRun run run till you think you're safe
Run run run till you're told you're made
Run run run till you're overcome
Run run run you're the only oneDon't step downI got too much love
For the glitter doll
And my emotion slides
In another end
In another life
I was on your side
