

# One Hero

## Ten Foot Pole

prison walls  
outside your cell a bloody tyrant falls  
no shots were fired  
he said you were weak  
you turned every  
cheek and turned the brute away

[Chorus]

one hero  
one vision  
your word  
my religion  
no regrets  
not hollow  
you go and i follow  
fear of death  
no worry poisoned you  
your every breath  
love for the moment  
no gun can undo the power of truth  
the voice alive  
today

[Chorus]

my rock. my guide  
your book right by my side  
your voice, your tone  
ill never be alone
