

10.000 Lovers (In One)

TNT

I never wanted to settle down
Just a kid on a highway to nowhere
Wishin' for my girl to be real
She would satisfy my soul 10 000 lovers in one
10 000 lovers in one Seems like i've known her a thousand
Years
We've been together all through our
Lives she knows the way love should be
A fire burnin endlessly 10 000 lovers in one
10 000 lovers in one
She's like
10 000 lovers in one Solo 10 000 lovers in one
10 000 lovers in one 10 000 lovers
10 000 lovers
10 000 lovers in one
