## **Imagine That**

## **Diamond Rio**

What is the world comin' to when lovers can't believe They got a love comin' true then they up and leave They say they will when they won't They say I do and then they don't That ain't the way it's got to be with you and meImagine that, a love that lasts forever Imagine that, for all the world to see That two people stay together The way it ought to be, oh oh oh imagine that I don't intend to change the world, I couldn't if I tried As long as I've got you with me girl, I'll be satisfied Let's do what we can, mean what we say Now we'll just take it day by day 'Cause I want to prove to everyone that it can be doneImagine that, a love that lasts forever Imagine that, for all the world to see That two people stay together The way it ought to be, oh oh oh imagine thatDo you believe in love enough to go the distance Do you believe in love enough to make a stand Do you believe enough to handle the resistance 'Cause I believe we canImagine that, a love that lasts forever Imagine that, for all the world to see That two people stay together The way it ought to be, oh oh oh imagine thatOh imagine that, imagine that Oh imagine that, oh imagine that, that
