

# Press Rewind

## Total

I think you need to think back  
When we were sexin' each other  
Tell me what you wanna do, come on  
Say you don't wanna press rewind  
Think back to the times when sexin' me  
Was the only thing on your mind  
Look me eye to eye and tell me  
You don't want what you used to get tonight  
Boy, I remember just what you like  
And for you boy, been keeping it nice and tight  
Waiting for this moment to come with you  
So press rewind to when you was mine  
And tell me what you wanna do  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?  
Let's unwind and what you say, baby?  
Give it to me again and again  
Say what you wanna do, do?  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?  
Let's unwind and what you say, baby?  
Give it to me again and again  
Say what you wanna do, do?  
I'll ask that all that you told me  
Unleash those curious thoughts come see  
Three times a freak, you need to press rewind  
To think of all the things that I used to do to you  
Just rewind, yeah, yeah  
To find out all the things that I learned  
Think about the last night  
Then tell me what you wanna do  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?  
Let's unwind and what you say, baby?

Give it to me again and again  
Say what you wanna do  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?

Let's unwind and what you say, baby?  
Give it to me again and again  
Say what you wanna do  
Baby, tonight we're gonna do all the things  
That you want me to do, let's take our time  
Never ever wanna let you go  
Give it to me nice and slow  
You'll never forget 'cause after  
Tonight you're gonna be all mine  
So press rewind and think of me  
I want you to be with me  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?  
Let's unwind and what you say, baby?  
Give it to me again and again  
Say what you wanna do  
Press rewind, give it to me again and again  
What you say, baby? What you wanna do?  
Let's unwind and what you say, baby?  
Give it to me again and again  
Say what you wanna do  
Again and again press rewind  
Girl, do you remember when you were mine?  
When I loved you and you loved me  
Let's start over, this is how it should be  
Again and again press rewind  
Girl, do you remember when you were mine?  
When I loved you and you loved me  
Let's start
