Our Deal

Best Coast

When you leave me,
the bed is empty.
And I feel crazy...
Cause I didn't say anything.I wish you would tell me,
how you really feel.
But you'll never tell me,
cause that's not our deal.When you leave me,
you take away everything.
You take all my money.
You take all my weed.I wish you would tell me,
how you really feel.
But you'll never tell me,
Cause thats not our deal.I wish you would tell me,
how you really feel.
But you'll never tell me,
Cause that's not our deal.That's not your deal,
That's not my deal.(x7)
