

Fear My Greed

Asphyx

i have this terrible urge
the need to take what is yours
a vulture circling in the sky
preying upon the weakrun away - you're my prey, fear my greedthe weaker you are the stronger I get
i feast upon your helplessness
show no mercy and have compassion
because this is your own fault
remember who started this?don't be afraid to die
run away - you're my prey, fear my greedmy greed is here to
stay
it will haunt you till the end of dayswhat do you think that will happen now
don't expect me to let go
my teeth in your neck, I'll suck the life out of you
just as you tried to do to medon't be afraid to diepreying upon your weakness
like a vulture in the sky
the need to take what is yours
there's no way back for memy greed is here to stay
It will haunt you till the end of daysrun away - you're my prey, fear my greed
