## Azealia Banks

You don't really wanna leave her but you tied to her  
She know you dont' love her either and you lie to her  
But if I was her I would be on you day and night  
I take back what's mine because your kind is hard to find But if she ain't gonna be watchin means you gotta skip  
Skip to the lady with that (mmmnn) because she well equipped  
Forget your pride, let me free your mind  
Let me get you high boy, I do just what you like Cause I'm down for everything you need and who you are  
My door is always open and I'm never far  
You are my star You tell me the story about who was right before me  
And how she became boring, you make her look so corny  
You ain't in love with her but she still lives in your heart  
But you be in my apartment, tearing me apart and Jingling my jewellery, you don't know what you do to me  
I feel like you be using me  
I'm always where you choose to be  
And she stay where you choose to stay I'm trynna make you choose today  
I'm trynna get you through today  
I'm trynna sort this through today You know what's up  
You said you need to roll another O Because I'm here for a reason and you know what I need some love, oh, I  
want some love  
Oh I need some love, I want some love.... I need some love, oh, I want some love  
Oh I need some love, I want some love  
I need some love, oh, I want some love
