

# Out The Blue (Xilent Remix)

## Sub Focus

Love is a potion mixed up by careless fools

And it takes two and it takes two

Love isn't certain, it comes right out the blue

And when she casts her spell, there's nothing you can do

Love is a potion mixed up by careless fools

And it takes two and it takes twoDon't let me down loveI will stand up for you

When you hold me like you do

I'm right here next to you

But I don't want to stay if you carelessly play with my heartLove is a potion mixed up by careless fools

And it takes two and it takes two

Love isn't certain, it comes right out the blue

And when she casts her spell, there's nothing you can doI will stand up for you

When you hold me like you do

I'm right here next to you

But I don't want to stay if you carelessly play with my heartLove is a potion mixed up by careless fools

And it takes two and it takes two

Love isn't certain, it comes right out the blue

And when she casts her spell, there's nothing you can do
