Hold My Hand

Lukas Graham

[Verse 1]
I'm losing my faith though I was never religious
Losing my patience while I pray for forgiveness
Washing my hands but the water is wasted
I tried a darker side and I liked how it tasted
I tried to stay away from the dead and the living
It's hard to find an end when you have no beginning
I'm burning in Hell, but I'm already in Heaven
I'm going to war and I've chosen my weapon[Chorus]
Will you hold my hand when you know I'm a sinner?
Bless my soul, even though I'm a sinner
Hold my hand
Hold my hand
Will you hold my hand when you know I'm a sinner?
Bless my soul, when you know I'm a sinner
Hold my hand
Hold my hand
[Verse 2]
The night you were leaving, you gave me a mission
You opened my eyes and you showed me a vision
I'm paving my way to get out of this prison
A few wanna help and not a lot wanna listen
I'm walking alone, and I can need a companion
To show me the wisdom, give me more understanding
I scared 'em away, I'm always over-demanding
But I got a seed and it's in need of some planting[Chorus]
Will you hold my hand when you know I'm a sinner?
Bless my soul, even though I'm a sinner
Hold my hand
Hold my hand
Hold my hand when you know I'm a sinner
Bless my soul, even though I'm a sinner
Hold my hand
Hold my hand
[Verse 3]
Father, ever since you left, I'm missing all my roots
I can't see the bigger picture, I can't find the proof
We told so many lies in an attempt to tell the truth
We're given all the tools but we forgot their proper use

I remember all the promises when they were made
And I will take all of our secrets with me to the grave
I'm waiting for the judgement that shall fall upon my head
I hope someone is here to pray for me when I am dead[Chorus]
Will you hold my hand when you know I'm a sinner?
Bless my soul, even though I'm a sinner
Hold my hand
Hold my hand
Will you hold my hand when you know I'm a sinner?
Bless my soul, even though I'm a sinner
Hold my hand
Hold my hand[Outro]
Bless my soul
Hold my hand, hold my hand
Bless my soul
Hold my hand, hold my hand
