

# Beast In Peace

## Bear In Heaven

Looks like you know what you want  
So let go and look over the horizon  
Your pirouette will go around the world  
Your pirouette will show you the outside  
Silently  
Coming Home  
Silently  
Coming Home  
Don't bother leaving  
We're already gone  
True Thoughts retreating  
Now it seems they're gone  
Don't bother leaving  
We're already gone  
True thoughts retreating  
Now it seems they're gone  
Doomsday it's so quiet  
You hardly know it's there  
Dollars of the triumph  
They're loaded down so well  
Thunder is expanding  
Like your face into the ground  
Thunder is expanding  
And the rate will wear you down  
The best times were better  
When you didn't need to think  
The eagle or monster  
Is pulling down our feet  
Let's chase it all we caught  
The beast we are free  
And don't bother leaving now  
We're already gone
