

# Face Down (X-Tended Rap Money Mix)

## Prince

(Dead like Elvis) { sample repeated in song }

Check, check, 1 2, check

you know what he's sayin'?Face down! [Repeat: x2]Somebody once told him that he wouldn't take Prince  
through the ringer

Let him go down as a washed up singer

Ain't that a bitch?

Thinkin' all along that he wanted to be rich

Never respected the root of all evil and he still don't to this day, huh

Bury him face down, let the motherfuckers kiss a ass, OK?Face down! [Repeat: x2]Told 'em he wanted to sing  
a song about a black child goin' buck wild

And they just laughed in his face

Talk to your lawyer but you got no case

What you need to do is keep your place

Next time you pull a card, it better be a ace motherfucker

Or you can lay face down (Face down!)1 2

Face down! 1 2Horn [Repeat: x2]

Bass [Repeat: x2]Him and her meaning who I'm singin' about

And his psychoanalyst kinda saw the catalyst

As the devil with the blue jeans on, huh

Ain't it kinda funny when you see the dawn?

Sign the name they gave ya

But when them motherfuckers turn around ass up, you're what?Face down! 1 2

Face down! New Power Generation in the house, bury 'em all

Face down! Yes, oh Lord

Face down!Orchestra [Repeat: x3]

Face down!

Orchestra

Face down!It's in his will, I read it

He shot to kill, he said it

for those who know the number and don't call

Hmph, fuck all y'allFace down! [Repeat: x53]
