

# Carnt Sleep (Richard X Re-Production)

## Saint Etienne

You know the hurt's so deep  
That I can't sleep or eat  
And what I'm hoping for  
Is to feel your kisses sweetIf we could just talk  
Things might be a little more clear  
I really need the chance  
To explain the way I feelI can't sleep  
(Can't sleep)  
Thinking of you constantlyI can't sleep  
(Can't sleep)  
Wishing you were here with meI can't sleep  
(Can't sleep)  
Where are you please?When I get home from work  
Sit down and watch TV  
The night falls  
Just like a bad dreamI can't sleep  
(Can't sleep)  
Thinking of you constantlyI can't sleep  
(Can't sleep)  
Wishing you were here with meI can't sleep  
(Can't sleep)  
Where are you please?I can't sleep  
(Can't sleep)  
Thinking of you constantlyI can't sleep  
(Can't sleep)  
Wishing you were here with meI can't sleep  
(Can't sleep)  
Where are you please?
