

Bling Bling

Gregory Porter

I am so rich in love and so poor
In everything that makes love matter!
I've got gifts to give
And no place for those gifts to live
Like diamond hearts and golden dreams
My song/heart is like ... Bling Bling!! I am so rich in love and so poor
In everything that makes love matter!
I've got gifts to give
And no place for those gifts to live
I've been dismissed by those who like
Cream on top of cream
I scream ... Bling Bling!!
