# The Broken

## Lit

Get used to the view from the bottom, kicked in the balls
But man, we still got 'em.
People longtime won't stop to see the problem,
We all fall down.
That screw tattoo we've been chasin'
We're not the one you wanna mess with.
We're deeply going double...
This is our town.
Yeah yeah, the girls are screaming.
Yeah yeah, if we go down, we're going down sweet.
Oh oh, show us what you're made of.
Let's go, nothing we're afraid of.
Skylope, shatter into pieces
Promise take this town, we'll make it
Stronger, everytime we're surfin'
We frustrate the numbers, you can't take our hope in
You can't brake the broken.
Try to knock us down the ...
Pour another round and raise the glass up
Here's to the ones that never give the best of,
Who's laughin' now?
Yeah yeah, the kids are alright.
Yeah yeah, where we go, are we going? Go now!
Oh oh, show us what you're made of.

Let's go, nothing we're afraid of.
Skylop, shatter into pieces
Promise take this town, we'll make it
Stronger, everytime we're surfin'
We frustrate the numbers, you can't take our hope in
You can't brake the broken.
We're patenr in blues, with nothing to lose,
But we've got so much left to prove.
Thatter and torn, but we're not alone
Oh oh, show us what you're made of.
Let's go, nothing we're afraid of.
Skylop, shatter into pieces
Promise take this town, we'll make it
Stronger, everytime we're surfin'

We frustrate the numbers, you can't take our hope in
You can't brake the broken.
Oh oh, show us what you're made of.
Let's go, nothing we're afraid of.
Skylop, shatter into pieces
Promise take this town, we'll make it
Stronger, everytime we're surfin'
We frustrate the numbers, you can't take our hope in
You can't brake the broken.
You can't brake the broken!
