

# Backtrack

## Rebecca Ferguson

I can't go along with it  
You can say just what you like  
    But you still did it  
You backtrack and change your act  
    At a hundred likes a minute  
But fool as I am I won't go along with it  
    Am I confused, am I a crazy person  
        You say it's old news  
        She doesn't mean nothing  
    But don't you understand that I am heartbroken  
        No matter what you do  
    You just can't make it untrue  
        You're breathing lies  
        I want to believe in  
        When I'm watching you walk out the door  
    I could fall through the floor  
        But I can't go along with it  
        You can say just what you like  
        But you still did it  
        You backtrack and change your act  
        At a hundred lies a minute  
But fool as I am I won't go along with it  
    Too much to lose and it's still raining  
        I know it's not a game  
        So I'll stop playing  
        But oh my heart's on fire  
        And it keeps burning  
        And I don't mean to cry  
    It's just the smoke gets in my eyes  
        You're breathing lies  
        I want to believe in  
        When I'm watching you walk out the door  
    I could fall through the floor  
        But I can't go along with it  
        You can say just what you like  
        But you still did it  
        You backtrack and change your act  
        At a hundred lies a minute  
But fool as I am I won't go along with it  
    Let the battle drum start  
        I wanna turn back the clock  
        I wanna find the missing pieces  
        Of the whole love I lost  
        You say it like you mean it  
        And I want to believe it  
    Because I can't stop this feeling  
        But I can't go along with it

You can say just what you like  
But you still did it  
You backtrack and change your act  
At a hundred lies a minute  
But fool as I am I won't go along with it
