Wrap Your Arms Around Me

The Knife

Wrap your arms around meI felt the earth
I felt the time
The sky was blue
Come, normalize
Then I got the urge for penetrationWhen we meet
Wrap your arms around me
Tell me all those things you haven't told meIn the crowd
I'll find you
On your lapel there's a red carnationAll the things that's left to do
Feel love and build a house with you
And free the unborn child at the castleWrap your arms around me
Wrap your arms around me
Wrap your arms around me
Wrap your arms around me(Free the unborn child at the castle)
