Sometimes I Don't Know What To Feel

Todd Rundgren

Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
(I just don't know what to feel)
Sometimes I don't know
Sometimes I don't know what to feel
Everything I thought that I knew starts to look so unreal
There's a ringing in my head that keeps me awake at night
Sometimes I don't know what is right
Today I saw a car crush my little dog under its wheel
It did not even stop, it just sped off and out of sight
Sometimes I just feel so afraid
But I know that no one else has it made
So if I just believe in myself
I won't need no help from nobody else and I can make it alone
(Know that I can make it alone)
Everything will be cool
(Know that everything will be cool)
I got to keep on keepin' on
(Know I got to keep on keepin' on)
There's nothing else I can do
(Know there's nothing else I can do)
But sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
(I just don't know what to feel)
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
(I just don't know what to feel)
Sometimes I don't know
Sometimes I don't know what to do
Someone said the world's gonna end and I think it's true

I thought there was some love in the world
But I guess I'm wrong
Sometimes I just feel so alone
I don't want to admit to my friends that I feel confused

I wonder what I'd do with myself if the world was gone
Something makes me stay on my feet
Don't you dare admit to defeat
And if I tell myself it's alright
I can comfort myself through the night
And watch another day dawn
(I can watch another day dawn)
And everything will be cool
(Know that everything will be cool)
I got to keep on keepin' on
(Know I got to keep on keepin' on)
There's nothing else I can do
(Know there's nothing else I can do)
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know
Sometimes I don't know what to feel
Sometimes I don't know
