

Better Days

Hedley

I've been down, I've been down
 Burning up like fever
 Better days, better days
Are not so far away I don't wanna waste a minute
 But if I gotta waste a minute
 I'd spend the time tryna' get my vibe on, try
 And if I'm on a star, don't wanna spin it
 My life's up in flames, and I lit it
I wonder if I'll ever get that good shit back And I'll keep praying I make it
 Like someone would save it
 I still got some fight left inside me
 I've been down, I've been down
 Burning up like fever
 Better days, better days
 Are not so far away
I've been lost, I've been found
 Now I believe in
 Better days, better days
Are not so far away Better days, better days
 Are not so far away
 Better days, better days
Are not so far away Guess I didn't break it, but I bent it
 I know I didn't say it, but I meant it
 I shoulda' had a little more heart and soul
 Oh, oh, fuck the rear view mirror
 Our future looks a little bit clearer
 I'm turning every second into solid gold
 And I'll keep praying I make it
 Like someone would save it
I still got some fight left inside me I've been down, I've been down
 Burning up like fever
 Better days, better days
 Are not so far away
I've been lost, I've been found
 Now I believe in
 Better days, better days
Are not so far away Better days, better days
 Are not so far away
 Better days, better days

Are not so far away
And I'll keep praying I make it
Like someone would save it
I still got some fight left inside me
I've been down, I've been down
Burning up like fever
Better days, better days
Are not so far away
I've been lost, I've been found
Now I believe in
Better days, better days
Are not so far away
Better days, better days
Are not so far away
Are not so far away
Better days, better days
Are not so far away
