

# The Anthem (feat. Mike Avery)

Griz

Let's get loose.  
You guys feeling good?  
(Yeeeeahhh!)

I want to dance  
I want to dance  
I want to dance

Uhhh! Good God! Do you feel me? OUWW! See I don't want too much (uhn)  
Just want to move and feel out on the floor  
And try to get close enough (well, well)  
To see if both our feet make flow (flow, come on now)  
No I don't want too much  
But the way you look I can't ignore (no, no, no, no)  
I want to get closer! to you baby (hay!)

See if there is something more, more, more, more (give it to me!). I want to dance, want to sing to the rhythm of  
the beat

And I want to dance, want to sing to the rhythm of the beat  
I'm telling you 1, 2, 3, 4, 5 better get down and be feeling all right.  
I said 1, 2, 3, 4, 5 better get down and be feeling all right.  
Feeling all right, Feeling all right (can you feel me?), Feeling all right, Feeling all right (can you feel me?),  
Feeling all right, Feeling all right (can you feel me?), Feeling all right, Feeling all right (can you feel me?)  
Come 'on now, let it feel me,  
I want it. Uhhh! Good God! Do you feel me? Just work with it  
Good god, Uhhhhoo! I'm on it. See I don't want too much no!  
Just want to move and feel out on the floor.  
And try to get close enough (well, well)  
See if both our feet make flow (flow, come on)  
No I don't want too much  
But the way you look I can't ignore no, no, no, no.  
And try to get close, close enough, close enough  
See if there is something more, more, more, more (do you feel me?) I want it  
I want to dance

Hay! Ouuuhhouu, can you feel me? I want to dance, want to sing to the rhythm of the beat  
And I want to dance, want to sing to the rhythm of the beat (come on)  
I'm telling you 1, 2, 3, 4, 5 better get down and be feeling all right.  
I said 1, 2, 3, 4, 5 better get down and be feeling all right.  
Feeling all right, Feeling all right (can you feel me?), Feeling all right, Feeling all right (can you feel me?),  
Feeling all right, Feeling all right (can you feel me?), Feeling all right, Feeling all right (can you feel me?)  
Come 'on now, can you feel me, I want it. Uhhh! Good God! Do you feel me? Just work with it  
Good god, Uhhhhoo! I'm on it

Uhhh! Good God! Do you feel me? All I really really want to, get a little closer to ya  
That's all I really really want to, get a little closer to ya  
All I really really want to, get a little closer to ya  
That's all I really really want to, get a little closer to ya
