Seven Day Woman

Jj Cale

She takes away my monday morning blues
Spends her day off tuesday with me too
Wednesday she's a child to me
Thursday hear her sing so sweet
My seven day woman
She's my
Seven day woman
Day to day she keeps me goin'
She's my seven day woman
In the morning when she leaves
I start waiting for the evening
For my
Seven day woman
She's my
Seven day woman
Day to day she keeps me goin'
She's my seven day woman
Friday comes she's smiling 'cos she knows
How I get the week-end in control
Keep us up 'til daylight
She's my lady of the night
My seven day woman
She's my seven day woman
Day to day she keeps me goin'
She's my seven day woman
