

Dirty Laundry

Kelly Rowland

Let's do this dirty laundry, this dirty laundry?
Let's do this dirty laundry, this dirty laundry?
When you're soaked in tears for years, it always wear out
When you make pain look this good it never wears out.
This dirty laundry, this dirty laundry?
While my sister was on stage, killin' it like a motherfucker,
I was enraged, feeling it like a motherfucker,
Bird in a cage, you would never know what I was dealing with?
Went out separate ways, but I was happy she was killin' it.
Bittersweet, she was up, I was down?
No lie, I feel good for her, but what do I do now?
Forget the records. Off the record? I was going through some bullshit
Post-survivor, she on fire, who wanna hear my bullshit?
Meanwhile this nigga putting his hands on me?
I swear y'all don't know the half of this industry?
Let's do this dirty laundry, this dirty laundry?
Let's do this dirty laundry, this dirty laundry?
When you're soaked in tears for years, it never airs out?
When you make pain look this good it never wears out.
Let's do this dirty laundry, this dirty laundry?
And it's almost been a decade?
I'm behind them black shades?
Roll up like it's all good, right up out that escalade?
Fix my make-up, 'Get it together, Kelly, get it together??
Then we make up, 'well get it together, nigga, get it together??
Kinda lucky, I was in her shadow?
Phone call from my sister, 'what's the matter??
She said, 'Oh no? baby? you gotta leave!?'
I'm on the kitchen floor? he took the keys.
I was mad at everybody? I mean everybody?

Yeah, her, her, her her everybody?
Five years later, I got my shit down pat?
Think I had it good, and they don't know how bad?
Fooled everybody, except myself?
Soaking in this hurt, bathing in the dirt?
Dirty laundry, this dirty laundry?
Let's do this dirty laundry, this dirty laundry?
When you're soaked in tears for years, it never airs out?

When you make pain look this good it never wears out.
Let's do this dirty laundry, laundry?
So here I am in the spin cycle,
We're comin and we're goin?
Nobody can know this?
And I was trapped in his house?Lyin? to my mama?
Thought it could get no worse as we maximize the drama
Started to call them people on him..
I was battered?
He hittin the window like it was me, until it shattered?
He pulled me out, he said, ?Don?t nobody love you but me?
Not your mama, not your daddy and especially not B.?
He turned me against my sister?
I missed ya.
Let's do this dirty laundry, this dirty laundry?
Let's do this dirty laundry, this dirty laundry?
When you're soaked in tears for years, it never airs out?
When you make pain look this good it never wears out.
Let's do this dirty laundry, dirty laundry?
Love is pain, and pain is love?
He had me fucked up?
Love is pain, and pain is love?
He had me fucked up?
