

Jumper

Third Eye Blind

I wish you would step back from that ledge, my friend
You could cut ties with all the lies, that you've been living in
And if you do not want to see me again
I would understand, I would understandThe angry boy, a bit too insane
Icing over a secret pain
You know you don't belongYou're the first to fight
You're way too loud
You're the flash of light on a burial shroud
I know something's wrongWell, everyone I know has got a reason
To say put the past awayWish you would step back from that ledge, my friend
You could cut ties with all the lies that you've been living in
And if you do not want to see me again
I would understand, I would understandAnd well, he's on the table
And he's gone to code
And I do not think anyone knows
What they are doing hereAnd your friends have left you
You've been dismissed
I never thought it would come to this
And I, I want you to knowEveryone's got to face down the demons
Maybe today we can put the past awayI wish you would step back from that ledge my friend
You could cut ties with all the lies
That you've been living in and if you do not want to see me again
I would understand, I would understand, I would understandI would understand
I would understand
UnderstandCan you put the past away?
I wish you would step back from that ledge, my friend
I would understandI wish you would step back from that ledge, my friend
I would understand
I wish you would step back from that ledge, my friend
And I would understandI wish you would step back from that ledge, my friend
I would understand
I wish you would step back from that ledge, my friend
And I would understand
