

Written Guarantee

Steve Taylor

Nothing happens when you're counting the cost
You fill the basket when the bread gets tossed
Castaway upon the waterfront
Step right in and take whatever you wantIt's a written guarantee
When I give it up to you
You give it back to me
It's a written guarantee
When I give it up to you
You give it back to meFull of feelings that I couldn't afford
Till I up and threw my heart overboard
Take it all 'cause I remember when
I lost my life so you could find it againIt's a written guarantee
When I give it up to you
You give it back to me
Who is gonna disagree
When I give it up to you
You give it back to meNothing happens when I'm counting the cost
You fill the basket when the bread gets tossedIt's a written guarantee
When I give it up to you
You give it back to me
It's a written guarantee
When I give it up to you
You give it back to meIt's a written guarantee
When I give it up to you
You give it back to me
Who is gonna disagree
When I give it up to you
You give it back to meIt's a written guarantee
When I give it up to you
You give it back to me
It's a written guarantee
When I give it up to you
You give it back to me
