Clash Of The Titans

Atrocity

Warclash of the titans
War of primeval nationsOut of the fog warships appear final conquest of the empire's fleet
War has some across the sea one continent has to bleed
Thousands have come warriors of doom heavy armour heralds of gloom
Swords are drawn banners are high the hells spawn has arisedThe atlantean fleet sails against the hellens
The final tried of the open sea
The atlantean fleet sails against the crypts
The final tried of ancient historyWarclash of the titans
War of primeval nationsPoint of impact thrown spears cause and effect crushing shields
Smashing bones helmets break atlantean troops overtake
Battle rages face to face flesh and blood without grace
Atlantean force skilled warfare demigods spreading fearThe atlantean fleet sails against the hellens
The final tried of the open sea
The atlantean fleet sails against the crypts
The final tried of ancient historyWarclash of the titans
War of primeval nationsWar has come days of doom fortune's gone
Blood will run battle is done untergang attackThe turning point of the battle
Armies prepare for the last strikeWarclash of the titans
War of primeval nationsClash of the titans downfall
Clash of the titans destruction
Clash of the titans
