

Blood Pressure

Cassidy

My blood pressure's buildin'

My blood pressure's buildin'

My blood pressure's buildin'

My blood pressure's buildin'

It's Cassidy trick

It's Cassidy bitch

It's Cassidy clique

It's Cassidy beeyatch

Ayo, what'chu know 'bout this world I'm in

Everynight I twist up and get drunk 'til I hurl again

Then I'll pour some more and start twirlin' then

And might go and get my pipe suck by your girl and them

If you a thug, stop girlin' then

When I see a car in traffic, I'm a jacket like Burlington

It's Cassidy, who's thorough as him, nobody

I keep a gun tucked 'cause I don't trust nobody

I got plenty biscuits

And y'all niggaz like skinny bitches, y'all ain't got nobodies

Watch how you talk to me, man

Before you faggots get smacked with the dark skin part of my hand

Understand?

My blood pressure's buildin'

My blood pressure's buildin'

My blood pressure's buildin'

My blood pressure's buildin'

It's Cassidy trick

It's Cassidy bitch

It's Cassidy clique

It's Cassidy beeyatch

I'm the best in building, a prospect destined for millions

Threat to civillians and my blood pressure is building

Catch feelings? You be wet, catchin' a steel in

Weapons directed, at ya' chest, neck and ya' grill and

Still, there's no regrets, but I confessed that I kill men

I spill men's blood on the rug next to there children

And if you wan' set it? Cass' bettin' his deal in

Yes, I will win, when I spill extra appealin'

Come to limekill, we got them exstasy pills and

Got the whip fully equiped except for the ceilin'

I got a stash in it, the Smith-n-Wesson can chill in
 I might get arrested, but until then?
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 It's Cassidy trick
 It's Cassidy bitch
 It's Cassidy clique
 It's Cassidy beeyatch
 If I hear you gettin' chips, pitbulls where you sleepin'
 Everybody on the fuckin' floor, I'm squeezin'
 Click the four, grip your whore by her weave and
 Bitch, what muthafuckin' drawer is the keys in?
 Got you on your knees like a braud and you pleadin'
 (Uh, you got it dog, take it all, I don't need it)
 I'll clap you and have you on your carpet, bleedin'
 Throw your stuff in the trunk of the Ford then I'm leavin'
 Now I got a raw load more than I'm needin'
 And that's the reason, why you and whore is screamin'
 Pull this, squeezed then if you holdin' them hammers
 I'm focused like disposable cameras, nigga
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 It's Cassidy trick
 It's Cassidy bitch
 It's Cassidy clique
 It's Cassidy beeyatch
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 My blood pressure's buildin'
 It's Cassidy trick
 It's Cassidy bitch
 It's Cassidy clique

It's Cassidy beeyatch
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
It's Cassidy trick
It's Cassidy bitch
It's Cassidy clique
It's Cassidy beeyatch
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
It's Cassidy trick
It's Cassidy bitch
It's Cassidy clique
It's Cassidy beeyatch
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
My blood pressure's buildin'
