Mama's Boy

SonaOne

What would I do without you, Mama?
What would I do without you, Mama?
What would I do without you, Mama?

I still remember sneakin out just to watch your shows Mama
It's funny cause now you watch my show Mama
I know I'm lazy but I can wash my clothes Mama
I know you know me but there's things you got's to know Mama
You always yell and get upset because you feel you never do enough
Actin like the world is out to get you, could you loosen up?
I do get why you upset cause what you do is tough
If raising me was hard,
How the hell you dealt with two of us?

Superwoman in the flesh, that's my Mama
All the drama that you been in,
Bahamas to Punta Cana
You went all around the world to find yourself
Got me thinkin what kind of a crazy life
You had before you had Liyana
That's probably the reason why I chose this life
Cause you the only one that knows this life
I know that you might not condone this life
I'm only doing what you don't dislike
And you and I both know it's right, Mama

I could never give this time away
And when it all comes down to what comes next
Or what is left
That's all the time I get to say

I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy

What would I do without you, Mama?

J'oublierais jamais mes racines, Mama
Je serais jamais un fils indigne, Mama
Je saurais pas quoi faire de ma vie, Mama

Au pire des cas on demenage? Paris, Mama
Tu partages ta vie entiere sur FB
Donc meure si on s'engueule de toute maniere on reste connectes
Je sais que si j'avais les moyens on irait tous les etes
Tu reves encore de ta croisiere autour du Monde,
Pendant que Papa veut aller pecher, heir?

I could never give this time away
And when it all comes down to what comes next
Or what is left
That's all the time I get to say

I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy

What would I do without you, Mama?

I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy

I could never give this time away
And when it all comes down to what comes next
Or what is left
That's all the time I get to say

I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy
I'll forever ever ever be my Mama's Boy

No matter how much we fight
You know you always right
I just wanna make you smile
Forever, I
