

# Melting Pot

## Toxic Narcotic

Thrown inside this so called melting pot  
Pressed against the walls, the spoon don't hit this spot  
Crushed up, blackened, burned by the walls we rot  
You try to mix it up but separations what you gotThe way it looks from here, youth's filled with fear  
It's how it looks from here, the mounting storm front  
The way it looks, who's at the helm, who steers?  
No matter who's in power, oppression turns the gearsSteal, rape, oppress - blame it on the next  
You guess what's best - but you're always  
Fucking wrong again- don't try to reach me  
Keep on grabbin - but it aint free  
Brainwashed school - they try to teach me  
What's to be done before we all crash  
Head first into the wall is all it takes to wake up  
And realize who's victimized - not you or the man  
The almighty dollar in demand - here's the plan  
Nothing but confrontation  
Fueled by distrust and misinformation  
Keep em fighting and watch disintegration  
Keep them down, no win Situation!
