

Pork Eater

Ticklah

Some a dem a - Pork Eater, Piggy Wiggy
Dem a eat up the swine
Some a dem a - Pork Eater, Piggy Wiggy
Don't know what's on their mind
Some a dem a - Pork Eater, Piggy Wiggy
It's not the pork that's the way that it tastes
Some a dem a - Pork Eater, Piggy Wiggy
And they really don't care

I man step as a vegetarian
Sighting the life of the Rastafarian
Don't want no chicken I don't want no ham
or no Spam in my frying pan

See them there they gone to check Mr. check
Watch dem now they got some food poisonin'
Anotha gone to the hospital
Cuz he ate an unclean animal

Some a dem a - Pork Eater, Piggy Wiggy
Dem a eat up the swine
Some a dem a - Pork Eater, Piggy Wiggy
Don't know what's on their mind
Some a dem a - Pork Eater, Piggy Wiggy
It's not the pork that's the way that it tastes
Some a dem a - Pork Eater, Piggy Wiggy
And they really don't care

Tongue and tail no they neva discreet
Yam anything they can get to eat
Belly is full and their pressure is up
When they belch man they have to wake up

Piggies for the burgers and even pork chops
that type of livity is must have to stop
No matter what we say they still eat is some more
They yam until their belly is sore

Some a dem a - Pork Eater, Piggy Wiggy
Dem a eat up the swine

Some a dem a - Pork Eater, Piggy Wiggy
Don't know what's on their mind
Some a dem a - Pork Eater, Piggy Wiggy
It's not the pork that's the way that it tastes
Some a dem a - Pork Eater, Piggy Wiggy
And they really don't care

Things you consume yes it's full of grease
Instead of like a man yes you eat just like beast
How can you eat something that lives in the mud
And still want to smoke the rasta bud

The children need some nourishment for the growin'
Some of dem sleep at night and day knowin'
The very last thing yes on your menu
Was something Rasta neva meant for you

Some a dem a - Pork Eater, Piggy Wiggy
Dem a eat up the swine
Some a dem a - Pork Eater, Piggy Wiggy
Don't know what's on their mind
Some a dem a - Pork Eater, Piggy Wiggy
It's not the pork that's the way that it tastes
Some a dem a - Pork Eater, Piggy Wiggy
And they really don't care
