

# Forest King

## H2O

Do what you want it really doesn't matter anyway  
A lot of different people got a lot of different things to say  
But what is a reason for hunting anything  
What are you hiding, what are you running from  
What went wrong and made you kill for fun  
It just don't make sense Clawed my way to the top of the food chain  
God gave me the biggest brain  
Used my smarts to build a weapin  
Now I am the forest king Do what you want I just don't see the reward  
No matter how you slice it killing is a cowardly sport  
Murderous ambition, your ammunition  
You really slay the fuckin' competition  
A little trigger to help turn a boy to a man  
I don't understand Clawed my way to the top of the food chain  
God gave me the biggest brain  
Used my smarts to build a weapin  
Now I am the forest king  
Clawed my way to the top of the food chain  
God gave me the biggest brain  
Used my smarts to build a weapin  
Now I am the forest king Is this common sense?  
Clawed my way to the top of the food chain  
God gave me the biggest brain  
Used my smarts to build a weapin  
Now I am the forest king I am the forest king  
Do what you want it really doesn't matter anyway  
I am the forest king  
Do what you want it really doesn't matter anyway  
I am the forest king  
Do what you want to, do what you want to  
I am the forest king
