

Can't Hold Out Much Longer

[Eric Clapton](#)

You know, I'm just crazy about you, baby
Wonder, do you ever think of me
You know, I'm wild about you, baby
But you don't care nothing in the world for me Well, I can't sleep at night
I just cats nap through the day
I can't hold out much longer
Lord, living this way You know I'm just crazy about you, baby
Wonder, do you ever think of me
You know, I'm wild with you, baby
But you don't care nothing in the world for me Well, now there ain't but the one thing, baby
That makes your daddy drink
You say that you don't love me
Lord, I begin to think
