

Twin Flame

Ghost Town

I always evade the truth, continue to lose
A piece of my mind at a time
They said I was in for the win
But It's not guaranteed when you kill to get in
I pray to the moon, she's greater than I
Blood for blood, yea, eye for an eye
If it's too insidious, then don't consider this
Somethin' that you should ever fuckin' try, no I know, I know, I know
It's not gonna take my pain away
I know, I know, I know
But you're gonna try it anyway
Tonight when I can't sleep
The memories that haunt me
Your Spirit is present
My thoughts manifest it
They call it a sÃ©ance
I call it what made us
I summoned a lover
The heat of a Twin Flame
Twin Flame
Somethin' is tellin' me fight
Am hearin' this right
'Cause I'm hearin' it every night
But I don't know where to begin
"Cause callin' your name, they say it's a sin
This crucifix on my neck, is burnin' my chest
I know that I'm damned at best, yea
Tonight when I can't sleep
The memories that haunt me
Your Spirit is present
My thoughts manifest it
They call it a sÃ©ance
I call it what made us
I summoned a lover
The heat of a Twin Flame
Twin Flame
Two souls nearin' the end of our earthly damnation
You transcend, never again,
Our love is stronger, stronger
We did it till the end,
I'd live and die again
I did it all for you
My Juliet, it's true

I'll give you Romeo
Just to fuckin' prove
Tonight when I can't sleep
The memories that haunt me
Your Spirit is present
My thoughts manifest it
They call it a sÃ©ance
I call it what made us
I summoned a lover
The heat of a Twin Flame
