

Love Does

Brandon Heath

This one goes out
to the world of changers
Shining your light in the face of dangerOh,
Tell us what you knowYou're a saint, you're a son,
you're a promise keeper
Bottom of the well,
still digging down deeperOh,
How far you're gonna go?Chasing down hope
moving on dreams
Taking that path
Maybe it'll lead you home
maybe it won't-CHORUS-
Nobody knows
why your heart is broken
Nobody cries
while your prayers are going up
But Love DoesNobody walks
on the road you're paving
Nobody sees
all the souls you're saving
Oh,
But Love Does
Love Does
Love DoesThis is for the one
in the frontline fighting
Ringing that bell
over everybodyOh,
Tell us what you knowKnocking down doors
in the midnight alley
Looking for life
in the dessert valleyOh,
How far you're gonna go?Chasing down hope
moving on dreams
Taking that path
Maybe it'll lead you home
maybe it don't-CHORUS-
Nobody knows
why your heart is broken
Nobody cries

while your prayers are going up
But Love Does Nobody walks
on the road you're paving
Nobody sees
all the souls you're saving
Oh,
But Love Does
Love Does
Love Does You're a renegade,
You're an outlaw
of love's crusade
And they don't know
who you are They don't know,
They don't know but... Love Does
I'm telling you
Love Does Somebody knows,
somebody cries,
somebody feels,
Love Does Somebody walks,
somebody sees,
somebody knows,
Love Does Love Does
