Love Does

Brandon Heath

This one goes out to the world of changers Shining your light in the face of dangerOh, Tell us what you knowYou're a saint, you're a son, you're a promise keeper Bottom of the well, still digging down deeeperOh, How far you're gonna go? Chasing down hope moving on dreams Taking that path Maybe it'll lead you home maybe it won't-CHORUS-Nobody knows why your heart is broken Nobody cries while your prayers are going up But Love DoesNobody walks on the road you're paving Nobody sees all the souls you're saving Oh, **But Love Does** Love Does Love DoesThis is for the one in the frontline fighting Ringing that bell over everybodyOh, Tell us what you knowKnocking down doors in the midnight alley Looking for life in the dessert valleyOh, How far you're gonna go? Chasing down hope moving on dreams Taking that path Maybe it'll lead you home maybe it don't-CHORUS-Nobody knows why your heart is broken

Nobody cries

while your prayers are going up But Love DoesNobody walks on the road you're paving Nobody sees all the souls you're saving Oh, But Love Does Love Does Love DoesYou're a renegade, You're an outlaw of love's crusade And they don't know who you are They don't know, They don't know but...Love Does I'm telling you Love DoesSomebody knows, somebody cries, somebody feels, Love DoesSomebody walks, somebody sees, somebody knows, Love DoesLove Does
