Stick By Me

Ub40

Stick by me and I'll stick by you
Stick by me and I'll stick by youMy life here on earth would be useless, can't you see
If I didn't have you to stick by me
I love you darling and that's no lie
Stick by me and I'll stick by you
When you cry, I cry too
Stick by me and I'll stick by youFriends may try to hurt us
Scandalize our name
No one, no one can tear us apart
You got a place in my heartI love you darling and that's no lie
Stick by me and I'll stick by you
Remember my heart my love belongs to you
Stick by me and I'll stick by you
When you cry, I cry too
Stick by me and I'll stick by youFriends may try to hurt us
Scandalize our name
No one, no one can tear us apart
You got a place in my heartI love you darling and that's no lie
Stick by me and I'll stick by you
Remember my heart and my love belongs to you
Stick by me and I'll stick by you
When you cry, I cry too
Stick by me and I'll stick by youStick by me and I'll stick by you
Stick by me and I'll stick by you
Stick by me and I'll stick by you
