

# Bad Girl

## **Smokey Robinson & The Miracles**

She's not a bad girl because she made me see  
Oh how love could be  
But she's a bad girl because she wants to be free  
Oh, she wants to be free (bad girl, ooh)She's not a bad girl to look at  
Finer than fine (finer than fine), she said she was mine (said she was mine)  
But she's a bad girl because it was only a lineI, I, I bragged to the boys about the girl that I had  
It broke me up to find out she was bad  
And my only wish is that I wish I could make  
A bad, bad girl be goodShe wasn't a bad, bad girl at first, so good at the start  
Mmh, but now we must part (now we must part)  
Oh yes she's a bad, bad girl because she's breaking my heart
