

# No Vacancy

## Breathe Carolina

Tonight, i find out,  
What you're all about,  
-i'm the one that's come looking for you,-  
-i got the bottle, baby it's all you,-  
Showed up to the room 'bout 3 or 4,  
Ladies running, running right out the door.

We came here, party like its going out,  
We came here, party like it's going out.  
(oh, oh, oh.)

We'll do this the whole night,  
This could be what we needed,  
(we can do what we wanted to,)  
A single melody can give this meaning,  
(this memory is making moves,)we came here, party like it's going out,  
We came here, party like it's going out,  
We came here, party like it's going out,  
Of style.  
-oooooh.-

I'm ready to go,  
I got the bacardi,  
We got the bottle topped,  
Oh, whoa, oh.  
Who's ready for more?  
Better start this party,  
We got everything you're lookin' for.we came here, party like it's going out,  
We came here, party like it's going out,  
We came here, party like it's going out,  
(oh shit.)we'll do this the whole night, (oh, oh, oh, oh~)  
This could be what we needed,  
(we can do what we wanted to,)  
A single melody can give this meaning, (oh, oh, oh, oh~)  
(this memory is making moves,)we'll do this the whole night, (oh, oh, oh, oh~)  
This could be what we needed,  
(we can do what we wanted to,)  
A single melody can give this meaning, (oh, oh, oh, oh~)  
(this memory is making moves,)oh, oh, oh, oh~

Oh, oh, oh, oh~  
Oh, oh, oh, oh~ (i'll be there, i'll party~, hard,)  
Oh, oh, oh, oh~ (i'll be there, i'll party~~, hard,)  
Oh, oh, oh, oh~ (i'll be there, i'll be there, i'll be there, i'll..)  
Oh, oh, oh, oh~ (i'll be there, i'll be there, i'll be there, i'll be..)  
Oh, oh, oh, oh~ (it's gettin' late at night, gettin' late at night,)  
Oh, oh, oh, oh~ (it's gettin' late at night, gettin' late at night, i'll party,)  
I'll be there, and i'll party, hard.
