

# Talk Less

## Ye Ali

[Intro: Ashanti Sample]

Awww baby, awww baby

Ooo baby, ooo baby[Verse 1]

Girl you got that oochie-wally

And I cannot live without you

I bet you taste like a thousand dollars

I bet you get that from your mama

Girl I'm not the one to play with

I just wanna hear you say (shhh!)

Your lips are quiet, your body is having conversations

[Hook]

Your body saying yes to me

Wanna see you do more and talk less

Your body saying yes to me

Wanna see you do more and talk less

Your body saying yes to me

Wanna see you talk less for me

Your body saying yes to me

Wanna see you talk less for me[Verse 2]

Do you wanna know something?

You must of hit my old phone

Got that 3-1-0 number

Old flames want new stories

New city, new invention

Got a stun on you, coulda' stunted with you

The distance got you trippin'

The dick and good love couldn't fix it

[Hook]

Your body saying yes to me

Wanna see you do more and talk less

Your body saying yes to me

Wanna see you do more and talk less

Your body saying yes to me

Wanna see you talk less for me

Your body saying yes to me

Wanna see you talk less for me
