# Supposed to Be

## Tom Odell

Sat on the rooftop
Watching the birds flying free
Watching the clouds walk
And watching the rain become the sea
Hearing my love talk
Every breath she ever breathes
Like it was always supposed to be like thatBut then we broke up (oh no)
And she went west and I went east
She got a new boyfriend (oh no)
A little too soon if you're asking me
I heard that she loves him
A litte bit more than she'll ever love me
And it was always supposed to be like thatI look to the skyline and said
How many falls until I fly
Look to the old times
How many roads until I find
And oh it's tough now
'Cause love always, love always is unkindI sat on the rooftop
And I watched the birds flying free
I watched the clouds walk
And I watched the rain become the sea
And just for a moment, just for a moment
I felt so free from all I'm supposed to be
