

Babyhead

Fishbone

Nougat baby floatin' down
On a cotton candy cloud
Floating by a chocolate baby
Thinkin' bout his creamy center Don't bite alright don't bite alright
The nougat gets a taste
Ask if it's appropriate slippin'
Through wetness Nougat wants that goo
Chocolate's paralyzed and can't move
The goo just rushin'
Enjoy chocolate sweet treat Chocolate needs relief
Chocolate lost his goo you see
Chocolate jumps on the nougat
Tastin' and bitin' on the pillows Still not satisfied
Enjoy chocolate
Sweet treat lick it quit
Lick it slick wiggin' insanity Givin' up the goo to the bones groove
Givin' up the goo to the bones groove
Givin' up the goo to the bones groove
Givin' up the goo to the bones groove
