

Right To Left

B5

World premiere
Yeah, B5, Bad Boy, worldwide, yea
Something new, you already know
Another beat, Cox joint
Now, usually I don't really do this
I get the numbers and keep it movin'
But baby you do something to me
And I don't know what it is maybe
Maybe it's the way that you shake it
Or maybe it's the way that your mama made it
Whatever it is, I can't take it
I gotta have you in me
Your swagger, your tone
That sexy way that you walk
Girl, you wanna give it all
Give it all to you, girl
I gotta thank you mama
Can't believe you're makin' me stutter
Like I, I, I, I mean I wanna be here
I, I, I, I mean, I mean I wanna be here
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left, ohh girl
Ooh, baby girl I can't resist ha
Look how you make it go
Now, I could get used to this a
You make a youngin' wanna fall in love, yeah
Now, I can't stop myself from starin'
Ooh baby, you know just how to wear 'em
Now do it, do it shawty I dare you
Show me what you know
Your swagger, your tone
That sexy way that you walk
Girl, you wanna give it all
Give it all to you, girl
I gotta thank you mama

Can't believe you're makin' me stutter
Like I, I, I, I mean I wanna be here
I, I, I, I mean, I mean I wanna be here
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left, ohh girl
Your body is an event that I can't miss
I gotta be there to see you move right to left
I gotta see you you move right to left
Ohh girl, your body is an event, that I can't, miss
I gotta be there to see you move, right to left
I gotta see you move, see you move, let's go
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left
Ohh girl, your body is an event that I can't miss
I gotta be there to see you move right to left
I love it when it moves right to left, ohh girl
